

### Features

- Designed to replace pleated and/or fiberglass throwaway filters. Triple the service life without triple the cost
- Open weave on air entering side traps larger particles; tight weave on air exiting side captures smaller particles
- Media heat sealed around 9 gauge wire frame creating self-sealing gasket, dramatically increasing efficiency.
- Takes up 50% less space compared to standard cardboard framed filters, saving money and lessening trips by maintenance personnel to air handler
- Available in panel and link form. Link form designed for slide-in systems to ease both installation and changeout.
- Unaffected by humidity, moisture and most corrosive chemicals

### Ideal for:

- Hospitals
- Schools
- Office Complexes
- Food and Pharmaceutical processing
- General commercial and industrial applications
- Airports
- Paint Booths
- Computer Rooms

### Construction

- Two ply 100% 6/1 denier graduated density dry polyester media, heat sealed around 9 gauge corrosion resistant internal wire frame

### Performance Data

Rating	MERV 8 @ 1496CFM
Dust Holding Capacity	204 grams
Initial Resistance	.26 in w.g.
Final Resistance	1.5 in w.g.

### Part Number Guide

Series	Size	Example
152	W x H	152-2020
